### **Ch. 8 Computer Guru**

Following the program

will be the Drawings

For the Door prize &

50/50 Raffle

Refreshments

## **Jerry Seregni**

Jerry Seregni's presentation will be about Yoostar, a system to have fun with family and friends by creating videos of famous movie scenes with you in them. Jerry says, "If you're a fan of classic films, the Yoostar Entertainment System gives you an opportunity to see how your acting skills compare with the likes of Tom Hanks, Audrey Hepburn, or Marlon Brando -- just to name a few.

The system can insert you into some of Hollywood's best-known movie scenes. All you need is a Windows PC (a Mac version of the software is supposedly in the works.) The rest is supplied by Yoostar, including a USB camera with built-in microphone, tabletop mini-tripod, remote control, collapsible 6 x 6 green background (complete with nylon tote bag), assorted brackets, and the Yoostar application on CD-ROM."

**Introduction to Computers:** For members just learning about computers and have either Windows XP or Windows Vista operating system, (1st Saturday 9:30 a.m. and 4th Tuesday 7:00 p.m.) Instructor: **Paul Parker**

**Introduction into computers-Vista:** For members more advanced using the Windows Vista operating system, (1st Saturday 9:30 a.m. and 4th Tuesday 7:00 p.m.) Instructor: **Shirley Sharpe**.

**Intermediate Computers:** For members who have a reasonable grasp of the Windows operating system. It explores the operating system in more detail along with available Windows applications, (1st Saturday 9:30 a.m. and 4th Tuesday 7:00 p.m.) Instructor: **Danny Moragne**.

All classes meet at the **Peace Lutheran Church**, 1320 Gause Blvd. W., Slidell, LA.

## Genealogy SIG:

Devoted to researching your ancestors, (3rd Tuesday 7:00 p.m.)  
Instructors: Leonard Middlebrooks and Roberta Stepan.

**STCA** is a non-profit organization. The goal of the association is to share information and to help educate the public in the use of personal computers.

Members range from experienced to beginners. Programs feature topics and subjects of interest to the general membership with emphasis on basic computer skills. Member and guest speakers provide demonstrations, lectures, questions, answers and, on occasion, hands-on experience.
